B. What this Agreement Covers

This agreement between you and FMB governs the use of the Service. The Service permits FMB business customers to perform a number of banking functions on Service Accounts through the use of an Access Device.

C. Eligibility.

To be eligible to use the Service, you must maintain an account with FMB.

D. Accepting the Agreement

When you or anyone authorized or permitted by you, use the Service, you agree to abide and be bound by the terms and conditions of this Agreement.

E. Relations to Other Agreements

Your use of the Service may also be affected by the agreements between us and you for each Service Account owned by you. When you link an account to the Service, the agreement governing that account is not changed and remains in full force and effect. This Agreement is only supplemental to the separate agreements governing each account you own. Similarly, if you use the Service to access a credit account you do so under the terms and conditions set forth in the agreement and disclosure provided to you for the credit account. You should review each agreement governing your accounts, including Service Accounts, for any applicable fees, limitations on the number of transactions you can make, and other restrictions that might impact your use of an account within the Service. .

II. ONLINE BANKING SERVICES

You may be able to use the Service to perform some or all of the following tasks. Additional functionality may be added to the Service. We will notify you when they become available.

A. Account Services.

Some Business Online Banking Services provide you with balance and other account information. Since certain information and transactions are not processed by FMB until after the close of its Business Day, some transactions may not be reflected on the Service until the next Business Day. Posted items may be reversed due to insufficient funds, stop payment orders, legal process, and other reasons. Certain balances also may not be subject to immediate withdrawal. (See FMB's policy on funds availability, titled "Your Ability to Withdraw Funds," for more information on when deposited funds will be available for withdrawal).

You may use the Service to determine the balance and recent activity in the Service Accounts. Any balance or recent activity shown displayed by the Service will include a date as of which the balance is current. The balance or recent activity shown on the Service may include deposits still subject to verification by us. The balance or recent activity shown also may differ from your records because it may not include deposits in progress, outstanding checks, or other withdrawals, payments, or charges.

B. Internal Bank Transfers

The Service allows you to transfer funds among your eligible Service Accounts held at FMB. Transfers may be scheduled for the same day or for a future date. Transfers will be posted as pending transactions when initiated. Transfers initiated prior to 9:00 pm ET will be effective the same business day. Transfers initiated after 9:00 pm ET will be effective the next business day. A Future Dated Transfer may be scheduled as a one-time request or a recurring request. Future Dated Transfers will be initiated on the Transmit Date requested (even if the Transmit Date is not a Business Day), not the date the transfer is scheduled.

FMB is under no obligation to inform you if it does not complete a payment or transfer because there are insufficient funds or credit in your account to process the transaction. In this case, you are responsible for making alternate arrangements or rescheduling the payment or transfer within the Service.

You agree that you will have sufficient available funds in the designated deposit account to cover all transfers on the date scheduled. If the account does not have sufficient available funds on the scheduled transfer date, we may elect not to initiate one or more of the transfers. If the transaction is completed, it may cause an overdraft in your account in which case you shall be liable for the overdraft and any overdraft fees as set forth in your Deposit Agreement.

There may be limits on the dollar amount of the transactions you can make using the Service. These limits may change from time to time in accordance with applicable laws and regulations and according to the discretion of FMB.

You and FMB agree that if a payment order is a portion of a funds transfer in which other portions are subject to the Electronic Fund Transfer Act of 1978 (as in effect from time to time) (the "EFTA"), all actions and disputes between Customer and Bank concerning such payment order shall be determined pursuant to UCC Article 4A, as varied by this Agreement, and not the EFTA.

We must receive a stop payment request at a time and manner that will give us a reasonable opportunity to act upon it prior to presentment of the item. Please review your transaction history and previous statements to verify that the check has not cleared.

Stop payment requests are not effective if, either before or within 24 hours of when the stop payment order was placed, we have already cashed the item or become otherwise legally obligated for its payment.
