

Our Commitment to Website Accessibility

First Merchants Corporation is committed to providing equality of opportunity to persons of all abilities, including equal access to its website.

Our web pages are designed to be consistent with the Level AA recommendations of the [World Wide Web Consortium's Web Content Accessibility Guidelines 2.0](#). Our goal is for our official web pages, including electronic documents and multimedia, and associated web-based applications to be reasonably compliant with these guidelines.

While we make every effort to ensure accessibility, we are not responsible for third-party-provided web content or applications, such as links to outside sites.

Our efforts to ensure equal access are ongoing, and First Merchants Corporation will periodically review its website for adherence to this commitment. If you have a disability, we welcome your feedback about the accessibility of our site. Our website team can be reached by emailing marketing@firstmerchants.com. To assist in investigating your concerns and remedying any issues, please include your name and contact information, the URL of the page(s) about which you have feedback, and specifics about any issues you encountered.

This policy may change over time as changes are made to both accessibility guidelines and web technology.
